Online Workshop on E-Resource Awareness and Practice

19th November 2024

Time : 10:30 am

Organized by
Dr. B.R. Ambedkar Central Library,
VSU, Nellore

About the University

Vikrama Simhapuri University, Nellore established on 25th June 2008 in SPSR Nellore District of Andhra Pradesh. The aim is to strengthen higher education and to meet the education and to meet the education needs of the people in the area. The University has extended its services through affiliated colleges. It is offering Post Graduate and Research Programmes in Arts, Science, and Commerce & Management. The University has a Post Graduate Centre at Kavali.

About Dr. B.R. Ambedkar Central Library

Dr.B.R.Ambedkar Central Library was started in 2008 with a good collection of text and reference volumes. Now it is well equipped with modern facilities and resources. It is a gateway to the latest information hub in the world, for the academic community. The Library has been modernized to provide IT based services to the academic community. It is automated with an Koha Integrated Library Management Systems and Radio Frequency Identification Technology (RFID) based automation system. This technology offers the fastest, easiest and most efficient way to track, locate and manage library materials.

Central Library offers a fine collection of text, reference books, theses, journals and magazines. The Digital Library will serve as a platform for free and easy access to e-resources and also provided remote access to faculty, research scholars and students of Vikrama Simhapuri University.

Objective of the Workshop

To Create awareness among Faculty Members, Research Scholars and students about E-Resources

About Workshop

Rapid advancement of Information and Communication Technology (ICT) has brought a revolutionary change in the information scenario giving rise to a number of options to handle varied information sources conveniently as a result of e-resources have become the most sought resources and is satisfying varied needs of faculty, research scholars and students. This work shop will help all the participants to know how to use e-resources. It also find the solutions of various problems and issues faced by faculties, research scholars and students of college and university in accessing e-resources.
